

## Divya Path Sansthan

Established in 1981, Divya Path Sansthan (DPS) exists for the purpose of awakening in human consciousness, the furtherance of humaneness, an undivided human society, & balance in nature. DPS is based on 'Madhyasth Darshan\*', 'Saha-Astitva-Vada' (Coexistential Philosophy) by (late) A.Nagraj of Karnataka, India. (\* darshan = vision / philosophy)

### About Madhyasth Darshan

Madhyasth Darshan uncovers the nature of consciousness & all dimensions of reality, thus defining the universal purpose, content, process and outcomes of Education in a comprehensive manner.

This Darshan provides a "grand unified view", enabling coherence in Mans Spiritual, Intellectual, Behavioral & Material aspects. It provides clarity in all dimensions of human life: the experiential, rational, emotional & occupational (economic). As a result, it is able to provide a universal resolution to humankind's current existential, personal, familial, social & ecological dichotomies.

### In Education

Content covered:

- Knowledge, Wisdom & Science (*gyan ,viveka, vigyan*)
- Self Knowledge (*jeevan vidya*)
- Behavioural Knowledge (*vyavhar vidya*)
- Material Sciences Knowledge (*vastu vidya*)

Provides the content for 'Universal Humane Conduct' (*manviyatapura acharan*) applicable to the following spheres of living: Individual, Family, Society, Nation & Inter-Nation.

- Individual values- such as honesty, critical thinking, happiness, peace, etc.
- Family Values - such as trust & affection
- Social Values & Ethics - such as generosity & social-character (righteous wealth, chastity in marriage & kindness in behaviour)
- Environmental Values - such as regulation & balance in nature

The above is taught as 'value education for consciousness development' (*chetna vikas mulya shiksha*).

This darshan also has sound recommendations for the 'humanization of current education' via supplemental content in various fields such as sciences, sociology, literature, psychology, economics, etc. We are thus able to 'complete the picture' that our current disparate subjects attempt to assemble.

Students get the ability to ascertain a 'holistic-view' of life & living, and the ability to discriminate between 'right & wrong', 'desirable & undesirable', 'true & false', etc. There is no sermonizing, do's & don't's . The content does not negate the 'formful realities' which are the domain of the sciences or the people & the world in which we live. It does not refer to any past personality, or other religious texts. The content is 'universal'.

Interventions in Education have been made in various states, across the School & University levels, such as the 'Happiness Curriculum' in Delhi State Govt Schools, 'Human Values Courses' by AICTE, etc. Details are attached.

Members of Divya Path Sansthan *do not* 'charge' for sharing this 'knowledge'. We share this as a responsibility towards society. 'This' is not a source for our 'livelihood'. We are happy to engage for the purpose of Universal Human Good (*sarva shubh*).
